

Dear PEP Member,

Last month we introduced a series of testimonial PEP ads with the theme ['Our Gulf Coast Environment Matters to Us.'](#) With this series of ads, we intend to reinforce our mission and goals, showcase member companies and encourage prospective members to join PEP. Take a look at the current ad (below), and [please let me know if you are interested in participating in future ads.](#) We would love to highlight you and your company.

I hope you had the chance to watch our live interview with Frank McFadden of McFadden Engineering, highlighting their new OxyShark water treatment system. You can read the full article below and view the interview recording. If your company has an innovative venture we could showcase, [please share it with PEP.](#) We're always on the hunt for member stories to share with the community.

Best Regards,
Jennifer Denson

PEP Testimonial Ad, featuring Jordan Collins, Team Manager Environmental, AM/NS Calvert

McFadden Engineering Partners with Rich's Car Wash, Providing an Innovative Water Treatment Solution

For many [PEP members](#), simply satisfying environmental laws or regulations is not enough; wherever possible, they choose to surpass regulations through innovation. This philosophy is what drove a local environmental engineering firm and PEP member, [McFadden Engineering](#), to introduce an innovative patent-pending water treatment solution designed specifically for small- to mid-sized businesses that removes 98% of contaminants. [Read the full story here](#), or click the [video link below to see the full interview with McFadden Engineering President, Frank McFadden.](#)
