PEP MEDIA BLITZ - PARTNERS IN A CLEAN WATER FUTURE | ANNUAL MEETING
GOLF TOURNAMENT | MEMBER NEWS | WELCOME NEW MEMBERS

Dear PEP Member,

Last month we informed our membership and the community of the strong partnership that PEP has with the Mobile Bay National Estuary Program [Create a Clean Water Future Movement](#). PEP is helping promote a comprehensive management plan that attacks pollution at its many sources. The movement raises awareness and informs community members, municipalities and businesses of ways they can create a clean water future. ([Read the full story here.](#))

In an effort to further publicize this partnership and initiative, PEP partnered with the Mobile Bay NEP team in a media blitz throughout the month of March. Click the links below to view/listen/read more about the press coverage we received.

Best Regards,

Jennifer Denson
Executive Director

TITLE SPONSORS

Dunn Building Co. Excels in Design-Build Efficiency from Rich History

While the company is steeped in history, Dunn has remained successful by adapting their business to new industry developments in technology, material and building methods. One example is how Dunn now is using steel-building systems for large, technically complex building projects. Pre-engineered steel components are among the most eco-friendly construction materials, given the fact that most steel today is recycled. Systems also offer the advantage of heat-deflecting and weather-resistant finishes, which increase their overall energy efficiency.' said Allen Gustin, Dunn Building Co. vice president and Mobile area manager. [Read the full story here.](#)
