

Environmental Stewardship Member Awards

2019 Nomination Application

Since 2005, the PEP Board of Directors has presented the PEP Environmental Stewardship Awards to recognize PEP members whose work has made a significant and positive contribution to the Gulf Coast region in three crucial areas: economic growth, environmental health and social responsibility.

The PEP Board of Directors is currently seeking applicants for the 2019 PEP Environmental Stewardship Member Awards. Nominations must be submitted by February 21, 2019.

Eligibility:

- You may self-nominate your company, a project partner or co-nominate a multifaceted project.
- Projects should be located in the central Gulf Coast region; should have been completed in last 12-18 months; and
- Should demonstrate innovative environmental best practices in manufacturing, construction, engineering, conservation or restoration.

An important note – small businesses are as likely to be recognized as larger companies; because the focus is on best practices and innovation, not simply overall environmental impact. For example, OEC, a locally-owned small business, won a PEP award due to its top-to-bottom approach to reduce the company's carbon footprint. Quality, creativity and commitment all count.

The awards will be presented at PEP's Annual Membership Meeting on April 4, 2019. Award winners will also be publicized to local media and the community at large through online and print advertising. The recipient of this year's awards will join the ranks of previous winners that include Arkema, Honeywell UOP, Alabama Power, Thompson Engineering, Austal USA, Hargrove Engineers + Constructors, Waste Management, Rain for Rent, Volkert, and many more. More information on past winning projects can be found on PEP's website, www.pepmobile.org.

Submittal Deadline: Applications must be submitted to PEP by **5 p.m. February 21, 2019 by email to jdenson@pepmobile.org**. If you have any questions, please call Jennifer Denson at 345-7269.

SUBMITTING THE APPLICATION

I. Complete the Official Application:

Item 1.

- Provide the complete name of the company.
- Provide the name of the person *responsible for oversight of the project or activity being nominated* such as the plant manager, CEO, Production Manager, EHS Manager, etc., and that person's complete mailing and email address and telephone number.
- Enter the name of the chief executive officer of the company, number of employees and type of industry or business.
- Indicate the location of the project if it is not the same as the address above.

Item 2. Please enter the name, title, organizational affiliation, telephone number and complete mailing address of the *person submitting the application*. This may be the Marketing or Public Relations Director or any company employee. The applicant may be the same as the project contact person.

Item 3. Please include a brief summary describing the project and its **overall significance and environmental impact and benefits**. Please use 100 words or less. (This will be used for the event brochure and press materials.)

Item 4. Attach a Narrative Statement:

In more detail, than above, describe the company's project or activity that is located in the Central Gulf Coast region; was completed within the previous 12-18 months; and that led to a significant environmental contribution;

The narrative should include

- A short description of what the company does;
- The problem being addressed;
- A description of any innovative or unique approaches that used;
- The environmental impact, both immediate and long-term;
- The measureable results of the project, such as material diverted from disposal, costs saved, revenue generated, and

reduction in greenhouse gas emissions, etc. ;

- Any additional information explaining the beneficial impact on the community. Will you be training others to replicate or share the innovation at other sites or in other applications?
- Project Partners that should be recognized as part of the success of the project.

Narrative should be no more than two pages typed and double-spaced. Jargon and technical explanations should be kept to a minimum and explained in laymen's terms as appropriate.

II. Sustainability Policy Statement:

It is not required, but you may choose to include, in addition to the narrative, a brief paragraph outlining the company's current best environmental practices and the company's sustainability mission or policy statement.

III. Photograph Submissions:

All photographs submitted must be taken by the applicant submitting the photo or include copyright permission. Photos should be submitted by email as a JPEG or TIFF file at 300 dpi resolution or higher.

IV. Send your application, narrative statement, and supporting materials to be received by 5:00 p.m., February 21, 2019 to:

Jennifer Denson
Partners for Environmental Progress
jdenson@pepmobile.org
Jennifer will confirm receipt of application by email.
