JULY 2019 ISSUE • PEP MEMBER NEWS

ENVIRONMENTAL STEWARDSHIP AWARDS | UPCOMING EVENTS | NEW PEP MEMBERS

Dear PEP Member,

Summer brings so many wonderful opportunities to enjoy life on the Gulf Coast. A day at the beach, boating on the Bay, kayaking in the Delta, fishing off a pier or devouring fresh seafood at sunset on the Causeway: these are just a few ways we can enjoy our clean and healthy environment. Our members are committed to clean air and water, and we appreciate your work to fulfill PEP's mission of insuring strong economic growth while preserving and enhancing our unique resources that make this a desirable place to live and work.

I hope that you have a chance to take some time off and relax. But, when you are at work, be sure to mark your calendars for several important upcoming events: our [July Membership Breakfast](#), as well as the [19th Annual Industrial Reverse Trade Show](#). More information on these events is provided below. You can also visit our web site to mark your calendars for events scheduled for the rest of the year.

Check out this month's **PEP Environmental Stewardship Award winner spotlight:** [Geosyntec Consultants](#). Please take a moment to read these award summaries and appreciate the impact of their PEP Award-winning projects.

Don't forget to send us your news! We want to hear all the great things you are doing in the community and help share the information.

Best Regards,

Jennifer Denson
Executive Director

PEP STANDING COMMITTEES

Are you interested in making a bigger positive impact on the local environment? Consider joining one of five PEP Standing Committees. Please see the full list of committees and descriptions outlined below and contact [Jennifer Denson](#) to let her know which committee you'd like to join.

20th Anniversary Planning Committee
Mission to plan for the celebration of PEP in 2020.

Policy and Issues Committee
Develop content ideas for PEP materials, vet and oversee new projects; deliberate and recommend PEP position on community issues

Reverse Trade Show Planning Committee
Plan and execute annual reverse trade show maximizing exhibitor/visitor experience and fund development; plan and execute informative and well-attended public education seminar

ENVIRONMENTAL STEWARDSHIP

**Geosyntec
Consultants, Inc.
Environmental
Stewardship:
Student Education
on Watershed**

Management and Water Quality

Geosyntec personnel partnered with the City of Daphne, Daphne Utilities, Mobile Bay National Estuary Program, Daphne High School, the EPA, Baldwin County Master Gardeners, and others to acquire and implement an EPA grant to establish a watershed pilot project along the Tiawasee Creek to provide education to students and outreach to the community centered on improved water quality.
