SEPTEMBER 2019 ISSUE • PEP MEMBER NEWS

PEP SCHOLARSHIP RECIPIENT | IRTS | NEW PEP MEMBERS

Dear PEP Member,

The PEP Board of Directors are pleased to announce the recipient of the **2019 PEP Science and Technology Scholarship**. This scholarship fund was established for employees of PEP member companies and their dependents. The fund will allow PEP to invest in and support educational opportunities in the engineering and environmental sciences to expose students to critical issues involving the Gulf Coast. This year's recipient is **Patrick Burden**, a Geology Major from the University of Southern Mississippi. Patrick's father is employed by PEP member organization, Mitsubishi Polysilicon. [Learn more about Patrick and the PEP Science and Technology Scholarship here](#).

Also, be sure to check out this month's PEP **Environmental Stewardship Award winner spotlight: Shell Chemicals**. Please take a moment to read these award summaries and appreciate the impact of their PEP Award-winning projects.

Best Regards,

Jennifer Denson
Executive Director

REVERSE TRADE SHOW

New Board Members

Helen Bush

Christopher Mayfield

Allen Simpson

Steve Stewart

Partners for Environmental Progress is pleased to announce that four new community leaders will be joining their board of directors. Please help us welcome [Helen Bush \(Evonik\)](#), [Christopher Mayfield \(Mobile Area Chamber of Commerce\)](#), [Allen Simpson \(Hargrove Engineers + Constructors\)](#), and [Steve Stewart \(AM/NS Calvert\)](#). We thank these outstanding board members for their time, dedication and service to PEP.

Ransom Recycle

Would your company be interested in hosting an E-Recycle Event?

PEP would like to partner with a local member company to host an E-Recycling event. Logistics are simple:

1. Your company hosts the event at your office location;
2. PEP will promote the event to all member companies and on social media;
3. Members companies are encouraged to drop off electronics during a specific window of time on a selected date;
4. Ransom Recycles will pick-up all electronics
5. It's a win for our community - [click here to learn more about why e-recycling is critically important to our local environment](#).

ENVIRONMENTAL STEWARDSHIP

Shell Chemical: Beyond Compliance: Marine Vapor Recovery

Shell Chemical implemented a Marine Vapor Recovery project at its dock on Chickasaw Creek. The

project involved a mile-long pipeline connecting their loading dock on Chickasaw Creek to Shell's existing vapor recovery unit which previously serviced only their truck rack. The new pipeline allows Shell to collect the vapors during the loading of light olefin feed product onto barges. The vapors are captured and recovered back into their process to become more fuel for the community. [Click here to learn more.](#)
