## JANUARY 2020 ISSUE | PEP MEMBER NEWS

PEP'S 20th ANNIVERSARY | PEP NEWS | NEW PEP MEMBERS

### Dear PEP Members:

Happy New Year! Thank you for making 2019 a great year for PEP. Did you know that 2020 is PEP's 20th Anniversary? PEP was established in early 2000 by a group of local visionaries. When this group of local small business owners and plant managers formed PEP, they envisioned an organization that promoted business growth while preserving and enhancing our environment and our quality of life along the Gulf Coast.

Now, 20 years later, our mission remains the same. PEP's 20th anniversary is a milestone to commemorate but also marks the beginning of our next chapter. This year will be a celebration of YOU - the people and businesses that are our members, our newest visionaries, our connection to the future. Throughout this year, we will focus on commemorating our history and supporting our members year-round by driving environmental best practices, community partnerships and honoring your accomplishments in preserving and enhancing our unique environment and the quality

of life we value in our Gulf Coast home.

So, take a moment and look at our future and how you can make an impact or how PEP can positively impact you: our application for the [PEP Member Environmental Awards](#) is open as well as the application for the [PEP Science and Technology Scholarship](#).

And remember - we are always looking for volunteers. If you are ready to take a more active role in PEP check out our [committees list](#) and note the dates for our events below.
