

### AUGUST 2021 ISSUE | PEP MEMBER NEWS

Dear PEP Members:

Regretfully, due to the increase in COVID cases in our community, we are postponing our Annual Meeting and Environmental Stewardship Awards Program (to a date to be determined) and canceling our September Membership Breakfast. Please stay tuned for additional details. We are hopeful that the situation will improve so that we can host an in-person Reverse Trade Show. And of course, our Continental Pheasant Shoot is an outside event. Please see details below for our Reverse Trade Show and Pheasant Shoot.

Please help us welcome new board members, Cal Adkins (AMNS Calvert), Javier Hernandez (FMC Corporation), and George Hunter (Spire). You can read more about our new board members' backgrounds on our [Board of Directors webpage](#). Special thanks to Steve Stewart (SCS Engineers), who was recently elected to fill the Secretary/Treasurer position after Helen Bush relocated to another Evonik site. (Congratulations to Helen, and thank you for your service and dedication to PEP!)

Stay well.

Thank you for your membership and support!

Jennifer Denson  
Executive Director

### 3rd Annual Pheasant Shoot: November 10, 2021

Spend an afternoon networking and relationship building. Lunch will be served, followed by a safety briefing and several hours of shooting high-flying pheasants. Then, return to the lodge for cold beverages around a large bonfire while pheasants are cleaned and prepared for you to take home.

**Inexperienced shooters welcome!**

This fundraiser supports the PEP Science and Technology Scholarship Fund at the Community Foundation of South Alabama.

**Dennis Lake Wing Club, Stockton, AL**  
**11:30 - 5:00**  
**Two Person Team: \$1,000**

Includes shells, lunch, cleaned and prepped birds, safety equipment and beverages after the shoot.

## PEP NEWS

In case you missed it, Mayor Sandy Stimpson featured our Trash Blows! Campaign in his daily email on July 8. Please keep your yard signs up at your sites and posters in the breakroom. Summer is a great time to remind your employees that Trash Blows! Stow It!

Some companies in our area, including AMNS, Evonik, Thompson Engineering, TC Boiler and others, are already working to change behavior and improve company policies, but we also need citizens to cover any trash in the beds of their trucks.

So when you take the pickup out for a picnic or bit of fishing this summer, please remember to cover the trash in your truck bed on the way home. You can find more information from PEP by [clicking here](#).

### GROWING THE GULF COAST

The second installment of WKRG's new series features PEP Member McFadden Engineering and their PEP environmental stewardship award-winning device, OxyShark. Click the video above to watch the full story.
